13 November 2017

Dear Parent/Carer

Our records show that your child suffers with asthma. In line with the Department for Education policy 'Guidance on the use of Emergency Salbutamol Inhalers in School' we now hold an emergency Salbutamol Inhaler kit in school.

We recognise that your child manages their own asthma and we would therefore request that he/she carries an inhaler with them. Our inhaler would be only used in an emergency situation if their inhaler is not available or is unusable.

Please could you fill out the parental consent form if you are happy for school staff to administer Salbutamol to your child if an emergency arises.

If you wish to discuss this further please don't hesitate to contact the School.

Yours faithfully

Sarah Anderson  
Deputy Headteacher

**Please return to your Form Tutor by 24 November 2017**

Name of student: ..... Form: .....

I can confirm that my child has been diagnosed with asthma / has been prescribed Salbutamol (delete as appropriate)

My child has a working, 'in date' inhaler, clearly labelled with their name, which they will bring with them to School everyday.

In the event of my child displaying symptoms of asthma, and if their inhaler is not available or is unusable, I consent for my child to receive salbutamol from an emergency inhaler held by the school for such emergencies.

Signed: ..... Date: .....

(Signed by the person with the legal responsibility for the young person named above)
