

# Woodbrook Vale Anti-Bullying Charter

## **The adults in school will:**

- Will support the students as much as they possibly can
- Provide space for a wellbeing hub once a week so you can talk to someone
- Investigate bullying in or out of school
- Your form tutor, head of year will always be there for you as well as other members of staff
- Report to parents/carers quickly
- Only tell those who need to be aware of the situation
- Provide a safe space where students can openly talk about their worries

## **As students we will:**

- Having a student space at lunch so other students can talk about things they feel that they can't say to a teacher (such as the Well-Being Club).
- Report quickly then you can deal with it sooner
