Community Week 01 July – 05 July 2024

Dear Parent/Carer

Community week is fast approaching. I am sure all students are very excited, as are we! Students have now been issued with their final timetables for the week, if any student is not aware of their final timetable, they can find this out by asking their form tutor.

In order to ensure all trips run as smoothly as possible, it is important to share with you some additional details about the visits. Firstly, all school-based activities will start and end at the normal school start/end times. Secondly, all students will be required to **wear WBV PE kit** throughout the entire week unless they are attending a residential trip. Finally, the table below includes information timings for each trip, food arrangements and any specific information about each individual trip.

For any students entitled to free school meals, packed lunches will be provided on any trips specified.

Medical consent forms and/or waivers have been sent out via email for all trips, please ensure they are completed before the trip to ensure your child can take part. Students requiring inhalers / epipens etc will need to bring 2, in a bag with their name on it. These should remain with the student throughout the trip.

Community Day

All students will be participating in a whole school fundraising day in support of Rainbows Hospice. The day promises to be an exciting one, with students leading the fundraising effort with a variety of stalls and activities designed to raise as much money as possible for a very local charity. Details of the day will be shared with students in their assemblies this week. *Please note, some activities might involve students getting wet, therefore students are asked to bring a change of clothes.*

As we are fundraising it would be useful for students to come to school with some spare change. All activities will have a suggested donation, however, any money that can be contributed to any activity will be welcome.

Yours faithfully

Mr D Matthews
