Assessment 10 Walking, Talking Mock

Final Assessment

Desertification AO1&2 Water supply AO3

Causes
Impacts
Solutions
Assessment 9

Use
Supply
Sustainable projects
Assessment 8

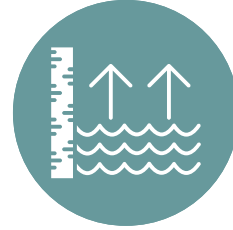

EcoSystems AO1 & 2

Functions
Uses
Rainforest
Savannah
Assessment 7

River processes and management AO1 & 3 Processes and landforms

YEAR 11

Impacts
River Tees and cumbria
Assessment 4

Coastal processes and management AO1 & 2

Features and landforms
Management
Sea level rise
Assessment 5

Weather and climate AO1 2 & 3

Scale
Pressure systems
Tropical storms

Climate change AO1, 2 & 3

Green house effect
Kenya
Global climate views

Component 3: Field Work

Residential Trip
Follow up work

Development AO1, 2 & 3

Indicators
Globalisation
NIC/MNC's aid

Assessment 3

Leisure AO2

Impacts
Rugby world cup
Lake district

Assessment 2

Changing patterns of retailing AO1 2 & 3

Out of town shopping centres
Changes to the CBD

Urban rural change AO2 & 3

Brown field site
Green field site
Sustainable living

Features of UK cities AO2

land use models
Influences of settlement
Multiculturalism

Global Cities AO1 & 2

Map skills
Interpretation
London and mumbai
Assessment 1

Climatic Hazards (AO1 & AO2)

Tropical Storms
Cause, effect and impacts
Wildfires

Assessment

YEAR 10

Baseline Assessment

YEAR 9

Development (AO3)

Indicators
Trade/MMC's
Aid and migration

Assessment

Tectonic Hazards (AO1 & AO2)

Types
Distribution
Cause and affect

Assessment

China (AO1, 2, 3)

Economy
Environment
Policies

Assessment

Coasts (AO1 & 3)

Location
Coastal processes
Landforms and Defenses

Assessment

Weather and climate AO2 & 3

Types of weather
Air pressure
Application of skills

Assessment

YEAR 7

Baseline Assessment

Baseline Assessment

YEAR 8

Rivers (AO2)

Water Cycle
Landforms
Flooding

Assessment 3

Settlement (AO1 & AO3)

Settlement Growth
Patterns
Hierachy

Sustainability Assessment 2

Map Skills AO1 Types of Geography Scale Key Geographical Skills **Assessment 1**
